DEVIATIONS

Fuqua had deviations as follows: specification #2 (page 14), proposes 12 gauge steel instead of 14 gauge steel; specification #10 (page 14), proposes a 4-year rust-out warranty instead of a 10-year rust-out warranty; specification #14 (page 14), proposes 12 gauge steel instead of 14 gauge steel; specification #3 (page 15) proposes 10 gauge steel instead of 12 gauge steel; specification #10 (page 15) proposes a 4-year rust out warranty instead of 10-year rust out warranty.

Wastequip May Fab had deviations as follows: specification #2 (page 14), proposed 12 gauge steel instead of 14 gauge steel; specification # 5 (page 14), proposed no bumpers w/ Emco lifts instead of angle bumpers; specification # 6 (page 14), proposes (4) caster pads-(1) center channel instead of (2) 10 gauge channels; specification # 7 (page14), can not guarantee an 80 percent minimum recycle content; specification # 8 (page 14), proposes gray oxide primer instead of red oxide primer; specification # 2 (page 15), proposes all 12 gauge on 3 and 4 yard instead of 14 gauge; specification # 3 (page 15), proposes a 10 gauge bottom instead of a 12 gauge bottom; specification # 6 (page 15), proposes that all containers have (2) 10 gauge bottom channels that provide 2 1/2 " clear space instead of support channels; specification # 7 (page 15), can not guarantee 80 percent recycled content of lids. 6 and 8 yard containers have fixed metal baffle not hinged and (2) poly lids hinged; specification # 8 (page 15), proposes gray oxide primer instead of paint.
